

ANIMAL DISASTER ACTION PLAN WORKSHEET

“PRIOR PLANNING SAVES LIVES.”

YOUR SAFEST CHOICE IS TO SELF-EVACUATE. Prepare to evacuate (hook up trailer and put GO-Bags in the rig) at the Code Red “Ready” signal. Evacuate at the “Set” signal. Be gone before the “Go” signal. **BE AWARE THAT SHELTERS WILL NOT OPEN UNTIL AFTER AN EVACUATION IS DECLARED.** The ideal destination is to a pre-arranged address of a relative or a friend. Have alternate destinations if possible.

If no trailer, have a buddy arrangement with a neighbor who can share a trailer slot(s)?

Who? _____

If not, call the EEE Emergency phone number 833-922-9333. **BEFORE YOU CALL, KNOW WHERE THE ANIMAL(S) ARE GOING.**

Where should the animals be taken? Relative? Friend? Shelter? _____

Address/Name of person/Phone/E-mail _____

- Offer reciprocity. Not too close to the incident. (so you don't need to be evacuated twice)
Call them to let them know you are evacuating.
- Arrange in advance.

Evacuation Plan

1. How many animals need evacuation (by type): _____

2. Equipment I have to evacuate all of them: _____

3. Do I have enough room for family and self to transport all of my animals IN ONE TRIP?

Know in advance. If not, what is the plan? _____

4. Are “Go Bags” ready? Located where? _____

5. Temporary Housing. Do I have it for family and self? _____

If not, what is the plan? _____

6. Any boarding facilities nearby? _____

7. Who can I call for help loading? How many people do I need to help evacuate?

Name: _____ ph# _____

Name: _____ ph# _____

8. Best place to load my animals from on my property? _____

Accessible to rigs? _____ Animals already there? _____
